PRACTICE EXAMINATION

GRADE 8

SOCIAL SCIENCES

PAPER 1 · PRACTICE B · MARKING GUIDELINE

MARKS: 100

Marking guideline for the Academic Central Grade 8 Social Sciences paper 1 · practice b.

Written by Academic Central for practice, following the CAPS curriculum for Grade 8. It is not a Department of Basic Education marking guideline.

How to mark: each ✓ is one mark. Accept answers in the learner's own words and other correct examples. For source-based questions, credit answers that use the source correctly. In calculations give method marks.

SECTION A: GEOGRAPHY

QUESTION 1

1.1 1.1.1 D ✓ 1.1.2 A ✓ 1.1.3 C ✓ 1.1.4 C ✓ 1.1.5 A ✓ (5)

1.2 (a) Southern ✓ and Eastern ✓ Hemispheres (b) 34°S ✓ (3)

1.3.1 $7 \div 2$ ✓ $= 3{,}5\ \text{km}$ ✓ (2)

1.3.2 1 cm represents 0,5 km (500 m) ✓ (1)

1.3.3 $3\ \text{cm} = 1{,}5\ \text{km}$ and $2\ \text{cm} = 1\ \text{km}$ ✓; $\text{area} = 1{,}5 \times 1 = 1{,}5\ \text{km}^2$ ✓ (2)

1.4 Any ONE: it shows the real, up-to-date appearance of the land (e.g. new buildings, floods, fires) ✓✓; it covers large or remote areas quickly; it shows vegetation and land use clearly (2)

[15]

QUESTION 2

2.1.1 June ✓ (1)

2.1.2 $15 + 15 + 20 + 45 + 80 + 95 + 90 + 80 + 50 + 30 + 20 + 15$ ✓ $= 555\ \text{mm}$ ✓ (2)

2.1.3 $21 - 12$ ✓ $= 9\ ℃$ ✓ (2)

2.1.4 Winter ✓ (1)

2.1.5 Mediterranean climate ✓ (1)

2.2 The east coast is next to the warm Indian Ocean and the warm Agulhas Current, so the air above it is warm and moist ✓. Moist winds blow onto the land from the east and rise over the Drakensberg escarpment, giving rain ✓. The west coast has the cold Benguela Current; the air is cold and dry, so little rain forms ✓. (3)

2.3 (a) Hot and wet throughout the year ✓ (b) Very little rain; very hot days and cold nights ✓ (c) Very cold all year, with ice and snow ✓ (3)

2.4 (a) Any TWO: burning fossil fuels (coal, oil, petrol) ✓; cutting down forests ✓; farming that releases methane; industrial pollution
(b) Any TWO: more droughts and water shortages ✓; more floods and severe storms ✓; higher temperatures and heatwaves; crop failures; rising sea levels on the coast; loss of plant and animal species (4)

2.5 Any ONE: the Kalahari; the Namib; the Karoo; Namaqualand ✓ (1)

[18]

QUESTION 3

3.1 In a nucleated settlement, the houses are close together around a central point (e.g. a village around a church or water source) ✓; in a dispersed settlement, the houses are spread far apart (e.g. farms) ✓. (2)

3.2 (a) Any ONE: Durban, Cape Town, Richards Bay, Port Elizabeth (Gqeberha), Saldanha ✓ (3)
(b) Any ONE: Johannesburg, Rustenburg, Kimberley, Witbank (eMalahleni), Welkom ✓
(c) Any ONE: Pretoria (Tshwane), Cape Town, Bloemfontein, a provincial capital ✓

3.3 Push, any TWO: unemployment in rural areas ✓; drought and poor harvests ✓; few schools, hospitals and services; poverty. Pull, any TWO: jobs in the city ✓; better schools and health care ✓; electricity and water; entertainment (4)

3.4 (a) South Africa produces very little crude oil of its own ✓ (3)
(b) Processing creates more jobs in South Africa ✓ and the finished products are worth much more, so the country earns more money ✓

3.5 (a) (i) Air transport – fast, so the flowers stay fresh ✓ (ii) Sea transport (ships) – cheap for very heavy, bulky goods ✓ (3)
(b) Any ONE: many accidents; potholes and damaged roads; traffic congestion; air pollution; trucks damage roads ✓

3.6 Any TWO: street vendors selling fruit and vegetables ✓; hawkers at taxi ranks ✓; spaza shops; car-guards; people selling food at events; hairdressing on the pavement (2)

[17]

TOTAL SECTION A: [50]

SECTION B: HISTORY

QUESTION 4

4.1 The spinning jenny ✓ (1)

4.2 James Watt ✓ in 1769 ✓ (2)

4.3 Railways moved raw materials (coal, iron, cotton) to factories quickly and cheaply ✓, and carried finished goods to towns and ports, so industries could sell more ✓. (2)

4.4 Textile workers (in about 1811–1816) ✓ who broke the new machines because they feared the machines would take their jobs and lower their wages ✓. (2)

4.5 Any TWO: overcrowded houses ✓; no clean water or proper toilets ✓; diseases such as cholera; smoke and pollution; very low wages and long hours (2)

4.6 An organisation of workers ✓ formed to fight together for better wages and working conditions ✓. (2)

4.7 Any TWO: factories and mass production ✓; railways and modern transport ✓; most people live in cities; machines and technology in daily life; pollution and climate change (2)

4.8 European factories needed large amounts of raw materials (cotton, rubber, minerals) ✓ and new markets for their goods ✓; Europeans had stronger weapons and steamships, so they took control of African land to get these resources ✓. (3)

[16]

QUESTION 5

5.1 The gold lay deep underground in hard rock and there was little gold per tonne ✓, so companies needed expensive machinery, explosives and many workers ✓. (2)

5.2 Each tonne of rock had only a small amount of gold ✓, so they had to keep costs low to make a profit ✓. (2)

5.3 To recruit workers for all the mines together ✓ and to keep wages low by agreeing not to compete for workers ✓. (2)

5.4 Laws that forced African men to carry documents (passes) showing where they were allowed to be and work ✓; they were used to control the movement of workers and stop them from leaving their contracts ✓. (2)

5.5 The gold was in the Boer republic of the Transvaal (ZAR) ✓; many foreign (mostly British) miners, called uitlanders, arrived but were denied the vote ✓; Britain wanted control of the gold and the region, and this tension led to the South African War (1899–1902) ✓. (3)

5.6 Any TWO: Mozambique ✓; Lesotho ✓; the Eastern Cape (Transkei); Malawi; eSwatini; Botswana (2)

5.7 Any TWO: South Africa changed from a farming economy to a mining and industrial economy ✓; railways and harbours were built ✓; cities such as Johannesburg and Kimberley grew; banks and other industries developed; foreign investment increased (2)

5.8 Wealthy mine owners on the Witwatersrand (e.g. Rhodes, Beit, Barnato) ✓ (1)

5.9 Kimberley ✓ (1)

[17]

QUESTION 6

6.1.1 Namibia ✓ (1)

6.1.2 The Herero and the Nama ✓ (1)

6.1.3 They had lost much of their land and cattle to German settlers ✓ and were treated harshly under German rule ✓. (2)

6.1.4 The deliberate killing of a large number of people ✓ from a particular nation, ethnic or religious group, with the aim of destroying that group ✓. (2)

6.1.5 It admits the truth of what happened and honours the victims; it is a step towards justice and healing ✓ (1)

6.2.1 The Allies (with Britain) ✓ (1)

6.2.2 German South West Africa (Namibia) ✓ (1)

6.2.3 France ✓ (1)

6.2.4 Any TWO: mud and water in the trenches ✓; rats and lice ✓; diseases such as trench foot; constant shelling and danger of death; cold and lack of sleep (2)

6.2.5 Any TWO: machine guns ✓; poison gas ✓; tanks; aeroplanes; submarines; heavy artillery (2)

6.2.6 1919 ✓; any ONE term: Germany had to accept blame for the war; pay reparations; lost its colonies; its army was limited; lost land in Europe ✓ (2)

6.2.7 11 November 1918 ✓ (1)
