INSTRUCTIONS TO MARKERS

1. Markers are reminded that some aspects of Life Orientation can be interpreted broadly and, therefore, a broad range of answers may be given. The marking guideline is not intended to be prescriptive, however, answers that are incorrect should never be marked as correct.

2. Markers are requested to use their discretion when marking. Students' answers should be assessed within the context of their life experiences.

3. Content should be marked, not grammar.

4. A number of examples are given in some questions. These serve as a guide for what type of response is requested. Markers are requested to carefully work through all the different answers to get a sense of what type of answers is acceptable, and what is not acceptable.

5 For some answers, markers are guided by this statement (only this answer), which means that no other answers are acceptable.

6. Markers are requested to carefully check the mark allocation per question and to mark strictly according to the mark allocation.

   Please note:

   (2 × 1) means that there should be TWO answers and ONE mark allocated to each answer
   (1 × 2) means that TWO marks must be allocated to ONE answer
