INSTRUCTIONS TO MARKERS

1. Markers are reminded that some aspects of Life Orientation can be interpreted broadly and therefore a broad range of answers may be given. The marking guideline is NOT intended to be prescriptive. However, answers that are incorrect should never be marked as correct.

2. Markers are requested to use their discretion when marking. Answers provided by students should be assessed within the context of their experiences of life.

3. Content should be marked NOT grammar.

4. For some questions, a number of examples are given. These serve as a guide for what type of response is requested. Markers are requested to carefully work through ALL the different answers to get a sense of what type of answer is acceptable and what is NOT acceptable.

5. When it is indicated that ONLY THE ANSWER GIVEN is correct, NO other answer is acceptable.

6. Markers are requested to carefully check the mark allocation per question and to mark strictly according to the mark allocation given.

7. NOTE:
   (2 × 1) means there are TWO answers of ONE mark each
   (1 × 2) means TWO marks are allocated for ONE answer

8. Where students are requested to write a paragraph or discuss or explain, a ONE-word answer cannot be accepted and should not receive a mark.

9. Thank you for marking carefully, rigorously and fairly. Your maintaining of a high standard helps to enhance the status of this very important subject, Life Orientation.
