SECTION B

QUESTION 2

2.1 Any FIVE: client (college) and contact person ✓; purpose / objectives ✓; target audience ✓; deliverables (60-second video and one-page website) ✓; budget ✓; deadline (three weeks); key message and content (workshops, two interviews, date, link); style / branding requirements (college logo and colours) (5)

2.2 (a) Script – the exact words (interview questions, voice-over) and directions so everyone knows what is said ✓✓ (b) Storyboard – sketches of each scene in order with camera angles and timing, to plan the visual flow before filming ✓✓ (c) Shot list – list of every shot to be filmed (location, angle, people, equipment), so filming is efficient and nothing is forgotten ✓✓ (6)

2.3 Teenagers (Grade 9–12) and their parents in the area ✓✓; the style should be energetic and modern with upbeat music and quick cuts for learners, but clear and trustworthy information (dates, careers, costs) for parents ✓✓. (4)

QUESTION 3

3.1 Divide the frame into a 3 × 3 grid ✓; place the subject (student / welding sparks) on one of the lines or intersections, not in the centre ✓, which makes the photo more balanced and interesting / leaves space in the direction the student is looking ✓. (3)

3.2 Any FOUR: use no more than two or three fonts ✓; sans-serif fonts for body text on screens ✓; large enough size (16 px or more) for cellphones ✓; good contrast with the background ✓; consistent heading hierarchy; avoid all capitals for long text; match the college branding (4)

3.3 Crop the photo to a 4:1 ratio (e.g. 4 000 × 1 000) ✓, keeping the main subject ✓; resize (scale down) to 1 600 × 400 pixels ✓; this keeps the image sharp, avoids distortion and reduces the file size so the page loads faster ✓. (4)

3.4 The master (PSD) file keeps layers, text and full quality so it can be edited later ✓✓; a JPEG is flattened, compressed (lossy) and smaller, suitable for fast display on the web but not for further editing ✓✓. (4)

QUESTION 4

4.1 Any FOUR: use an external / lapel microphone ✓; record in a quiet room away from the workshop noise ✓; keep the microphone close to the speaker ✓; monitor with headphones and check levels ✓; record room tone; avoid wind; do a test recording (4)

4.2 Any THREE named ✓ and described with what it shows ✓: wide / establishing shot – the whole workshop or campus; medium shot – a student explaining (interview); close-up – hands welding or a circuit board (detail); low angle – makes the college building look impressive; over-the-shoulder – student working at a computer (6)

4.3 $8\ \text{Mbps} \times 60\ \text{s} = 480\ \text{megabits}$ ✓; $\div 8 = 60\ \text{MB}$ ✓✓ (3)

4.4 Any FIVE in order ✓✓✓✓✓: import and organise footage; rough cut (place clips on the timeline in order); fine cut (trim, transitions); add audio, music and voice-over; add titles, subtitles and the end card with date and link; colour correction; export / render; publish and share (YouTube, WhatsApp, website) (5)

4.5 Any TWO: viewers can watch without sound (e.g. on social media or in public) ✓; makes the video accessible to deaf and hard-of-hearing people ✓; helps people who speak other languages (2)

[20]

QUESTION 5

5.1 Frame-by-frame: every frame is drawn or created individually ✓ – detailed, smooth control but time-consuming ✓; tweened: the animator creates keyframes and the software generates the in-between frames ✓ – faster, smaller files, good for simple motion ✓. (4)

5.2 Any FOUR: college name and logo ✓; date, time and venue of the open day ✓; the promotional video ✓; programmes / courses offered ✓; contact details and map; registration form or link; social media links (4)

5.3 Any THREE: compress and resize images ✓; host the video on YouTube and embed it instead of uploading the large file ✓; use fewer, smaller files / minimal scripts ✓; lazy loading; responsive images (3)

5.4 Video of a person is personal information ✓; POPIA requires consent before personal information is collected and published ✓; the form protects the college legally and respects the students' privacy (for under-18s a parent must sign) ✓. (3)

5.5 Popular songs are protected by copyright ✓✓; using them without a licence is illegal and the video may be removed / the college may be fined ✓. Solutions (any TWO) ✓✓✓: use royalty-free / Creative Commons music with attribution; buy a licence (e.g. through SAMRO); ask a local artist or students to create original music (6)
