INSTRUCTIONS AND INFORMATION

1. Answer ALL the questions.
2. Read ALL the questions carefully.
3. Number the answers according to the numbering system used in this question paper.
4. Write neatly and legibly.

NCV

SECTION A

QUESTION 1

1.1 Various options are given as possible answers to the following questions. Choose the answer and write only the letter (A–D) next to the question number (1.1.1–1.1.5) in the ANSWER BOOK.

1.1.1 Which ONE of the following stages is NOT part of a consumer's process when deciding which product or service to buy?

A Input stage
B Outgoing stage
C Process stage
D Output stage

1.1.2 Which ONE of the following is a source used by consumers to look for information after they recognise a need?

A Exhibitions
B Brand names
C Magazines
D Society

1.1.3 Which ONE of the following statements describes new task buying?

A The organisation buys the same product again and again.
B The organisation knows exactly what it wants to buy.
C The organisation buys products it has never bought.
D The organisation buys a product with small differences.

1.1.4 Something that exists in nature and can be used by people:

A Raw material
B Car
C Hairdryer
D Natural resource

1.1.5 The law of supply states that …

A when the equilibrium price is reached, prices do not change.
B higher price leads to a higher quantity supplied and that a lower price leads to a lower quantity supplied.
C the higher the price of a product, the fewer the products sold.
D when the equilibrium price is reached, price becomes constant.

(5 × 1) (5)

1.2 Choose a description from COLUMN B that matches an environment in COLUMN A. Write only the letter (A–G) next to the question number (1.2.1–1.2.5) in the ANSWER BOOK.

COLUMN A		COLUMN B	
1.2.1	Internal environment	A	factors such as imports and exports
1.2.2	Social environment	B	age, gender, income and marital status
1.2.3	Technological environment	C	human resources
1.2.4	Demographic environment	D	most businesses have a website
		E	occupational health and safety
1.2.5	Economic environment	F	families are becoming smaller
		G	demand and supply

(5 × 1) (5)

1.3 Indicate whether the following statements are TRUE or FALSE. Choose the answer and write only 'True' or 'False' next to the question number (1.3.1–1.3.10) in the ANSWER BOOK.

1.3.1 Marketing managers or marketers are responsible for carrying out market segmentation.

1.3.2 Consumers who use to buy products in the past are called former users.

1.3.3 Believers always want to try new things.

1.3.4 The last step of the market segmentation process is to select a market or product category.

1.3.5 One of the advantages of a multi-segment approach is that it is expensive to manufacture different products for different markets.

1.3.6 Bread is an example of a mass-marketed product.

1.3.7 The purpose of market segmentation is to allow organisations to adapt their marketing mix to the needs of the target market.

1.3.8 Primary data is data that has been collected previously for other purposes.

1.3.9 Coding means that a symbol or letter is given to a possible answer.

1.3.10 Product attributes make the product special and form a very important part of the positioning strategy.

1.4 Choose the correct term from those given in brackets. Write only the term next to the question number (1.4.1–1.4.10) in the ANSWER BOOK.

1.4.1 The (introduction/decline) stage is characterised by heavy promotion.

1.4.2 (Validating/Collating) information means confirming that information is correct.

1.4.3 A (fire/evacuation) coordinator is responsible for assisting employees to leave the premises.

1.4.4 (Ergonomic/Physical) dangers are caused by bad sitting positions.

1.4.5 The (market segment/target market) is part of the overall market and consists of consumers with similar wants and needs.

1.4.6 (Centralised/Decentralised) means buying is done usually at the head office by the buying team.

1.4.7 (Economic/Personal) context refers to the circumstances of the individual.

1.4.8 A (need/want) is something one can live without.

1.4.9 A (service/manufacturing) business provides work performed by experts like accounting for the benefits of its customers.

1.4.10 A (personal/business) consumer buys to sell the same products to other organisations or households.

SECTION B

QUESTION 2

Read the scenario below and answer the questions.

Lerato lives in Sunnyside, Pretoria. She wants to open a factory that manufactures leather handbags. She came up with the following target market segment:

- Ladies between 20 and 40 years old
- Earning R15 000 and above per month
- Living in the up-market area in the city
- Watching a lot of television
- Reading a lot of business magazines
- Not listening to the radio

2.1.1 List the marketing-mix elements. (4)

2.1.2 What would Lerato's marketing mix look like? (4 × 2) (8)

2.1.3 Which type of target market segment is Lerato focusing on? (2)

2.1.4 Discuss FOUR advantages of the target market segment mentioned in QUESTION 2.1.3. (4 × 2) (8)

2.2 Give THREE reasons why business consumers buy products and services. (3 × 2) (6)

2.3 Give TWO differences between organisational buying behaviour and other consumers. (2)

[30]

QUESTION 3

3.1 State TWO main factors of the market environment. (2 × 2) (4)

3.2 The government market uses products and services to satisfy citizens' needs.

Give TWO examples of the products or services that should solve each of the following needs:

3.2.1 Roads

3.2.2 Health

3.2.3 Education

3.2.4 Safety and security

(4 × 2) (8)

3.3 Identify each of the following stages of consumers' decision-making process:

3.3.1 Consumers look at possible products that will meet their needs.

3.3.2 Consumers ask themselves whether they made the right choice.

3.3.3 Consumers realise they have a need or want that must be satisfied.

3.3.4 Consumers look around for information and think about which product or service to choose.

3.3.5 Consumers pay and receive the product.

(5 × 2) (10)

3.4 Distinguish between each of the following markets and give ONE example of each:

3.4.1 National market

3.4.2 Local market

3.4.3 Regional market

3.4.4 International market

(4 × 2) (8)
[30]

QUESTION 4

4.1.1 Give FOUR examples of industries that trade in the industrial sector. (4)

4.1.2 Name ONE product each industry mentioned in 4.1.1 should produce. (4)

4.2.1 Give THREE examples of business consumers. (3)

4.2.2 Name ONE product that each business consumer you mentioned in 4.2.1 could sell. (3)

4.3 Give THREE reasons that can lead to a change in the original research plan. (3 × 2) (6)

4.4 Name TWO sources of secondary data. (2)

4.5 An organisation may experience serious negative effects if it does not implement a positioning strategy.

State FOUR effects of not using product positioning. (4 × 2) (8)
