(15 × 1) (15)

1.2 Indicate whether the following statements are TRUE or FALSE. Choose the answer and write only 'True' or 'False' next to the question number (1.2.1–1.2.15) in the ANSWER BOOK.

1.2.1 Consumers buy only products.

1.2.2 Input stage is where the consumers enter a complicated process during which they decide what the best choice of product is for them.

1.2.3 A want is something we can survive without.

1.2.4 Modified rebuy is when business consumers buy new products.

1.2.5 The market context is the circumstances in which a market operates and where consumers buy and sell.

1.2.6 SADC is an example of a regional market.

1.2.7 When your college buys electricity and water to use, it is operating in the consumer market.

1.2.8 South Africa does not export products to other countries.

1.2.9 Differentiation means doing something similar with other organisations that sets the organisation apart from others.

1.2.10 Technological environment is an example of micro-environment.

1.2 11 Market segment is a process by which the total market is divided into smaller parts.

1.2.12 When a business uses race to segment markets, it is called ethnic segmentation.

1.2.13 When an organisation creates an image of the whole organisation, it refers to the umbrella positioning.

1.2.14 Security policies do not define what acceptable behaviour is.

1.2.15 Coding means a symbol or letter given to each response.
