3.3
- Time✓
  To do market research takes a long time, therefore, managers must make sure they have enough time to conduct the research.✓
- Available data✓
  If the managers have enough data, they may feel that it is not necessary to do the market research.✓
- Type of decision✓
  The type of decision to be made will determine whether or not to conduct research, e.g. the decision of identifying the target market will need market research, then a decision as to which media to use when advertising.✓
- Benefits and costs✓
  The managers must decide on the funds to be spent on research and whether the results will benefit them, considering that they have to spend a lot of money on conducting research.✓
- Resources✓
  Do they have the team of employees with specific skills to do the market research?✓

(Any relevant 5 × 2) (10)

3.4
- It is an established brand and it is reliable
- It is healthy protein for patients without teeth
