TOTAL SECTION A: 30

SECTION B

QUESTION 2

2.1 Decline stage (2)

2.2
- How to produce the product. ✓ It will help with the product specification for example, the size, package of the product, etc.✓
- How to get to the consumer.✓ This input will help to determine the distribution channel of the products to the consumers in different places. ✓
- How to promote the product.✓ It helps to determine what kind of media they are going to use when advertising their product.✓
- What the cost of the product will be.✓ It helps in calculating the selling price for the product.✓ (4 × 2) (8)

2.3
- Does the source have recognised authority? ✓Can you trust the source? ✓
- Is the source unbiased? ✓ In other words, the source does not prefer a particularly group or person. ✓
- Is the source qualified✓ to provide the data? ✓
- Were the questionnaires that were used to gather the data, clear✓ and was the correct wording used? ✓
- Did the source actually gather the data✓or were the responses made up?✓
- Did the source gather the data✓ from the right target group? ✓
- If the research is repeated, ✓ would the source come to the same conclusion? ✓ (Any 5 × 2) (10)

2.4
- Contact✓the key people✓ (heads of departments)
- Have conversations with the key people✓ to listen to their opinions and reactions and make notes. ✓
- Convene meetings with staff members✓ who are involved with the marketing plan, to get their reaction. ✓
- Visit sites such as your factory or warehouse, ✓ suppliers or major customers involved to get the input of these outside stakeholders. ✓
- Commission an outside organization✓ for example, Productivity SA to work out the expertise and resources you need.✓

(5 × 2) (10)
[30]

QUESTION 3

3.1
- Work breakdown structure✓ is the structure that will describe all the work that must be done, goals for that specific project. This information will help you to identify the resource you need for each phase that is detailed on the WBS. ✓
- Experts: ✓ It is advisable to ask people with knowledge and expertise of the similar project, to give you advice about the resource that will be needed for the marketing campaign✓.
- Planning document✓ is a document that includes the goals and time frame.✓ This will help to determine if more resources are needed in order to be operating within the given time frame and organisational objectives.
- History:✓ It is useful and advisable to look into other similar projects. Get to know the history behind the success of the projects✓and learn about the resources used.
- List of available resources:✓ Before you get resources for a new project, make a list and gather knowledge about the ones that you already have in your organisation.✓ This will help you not to get resources that you already have. (5 × 2) (10)

3.2
- Personal ethics are about the decisions that individual people make, ✓ based on their belief that a certain action or behavior is right or wrong. ✓
- Organisational ethics is guidelines about how people in organisations should behave✓ and make decisions in a way that do not harm, insult, offend or endanger people. ✓ (2 × 2) (4)

3.3
- Complete
- Relevant
- Accurate
- Current
- Valid
- Authentic or credible
- Sufficient (Any 2 × 2) (4)

3.4

3.4.1 Judgmental sample is when the sample is chosen based on the judgment of the researcher. The researcher becomes the judge of whether the sample is correct or not. ✓ And he/she also judges as to which units of the population should be included.✓

3.4.2 A sample is chosen on the basis of a quota limit.✓ It is used to ensure that the sample is representative of the entire population.✓

3.4.3 It is the sample that is chosen by the interviewer. ✓ It is the most common form of nonprobability sampling. ✓

3.4.4 When each member of the target population has an equal chance✓ of being included in the research. ✓

(4 × 2) (8)

3.5
- Wasted time and money
- Missed opportunities to achieve objectives
- Possible loss in sales
- Bad reputation to public
- Bad relationship with advertising agency
- Wasted resources (Any 4 × 1) (4)

[30]
