QUESTION 6

6.1
- It increases the size of the market in which the company can do business, because any person with a computer anywhere in the world can get information about the company.
- Marketing continues to take place 24 hours a day through the website even though there may not be anyone physically designing or sending marketing communication.
- It saves mailing cost, because the organisation does not have to send out so many paper documents, such as brochures and letters. Lots of information can be distributed at the same time through the various pages on the website.
- Networking opportunities: The Internet has created a global community of peers.
- Operational flexibility and productivity e.g. remote working or outsourcing.

(Any 4 × 1) (4)

6.2
- The power might fail in the venue and you need to continue with the presentation.
- The computer or project might fail and you need to continue with the presentation.
- You want to include a printout of the presentations as an addition to the written report.
- You want to hand out copies of the slide presentation to the audience so that they can make notes while they listen to your presentation. (4 × 1) (4)

6.3
- All South Africans love/like Simba chips, ✓
- There may be a difference in their preference of specific flavours. ✓
- This preference could be rooted in their traditional meals, e.g. masala steak gatsby, vetkoek and polony. ✓
- The new flavours cater for the differences in culture, use of language/terms/ words, e.g. vetkoek and masala and food✓
- The flavours combine traditional food of the different cultures and attract people across the cultures. ✓
- The pictures of the people also represent different cultures. ✓ (Any 4 × 1)

(4)

6.4
