ACADEMIC CENTRAL

PRACTICE EXAMINATION

GRADE 10

AGRICULTURAL MANAGEMENT PRACTICES

PAPER 1

MARKS: 100 **TIME: 2 hours**

Topics: farming systems, crop production, animal production, farm records and marketing.

Written by Academic Central for practice, following the CAPS curriculum for Grade 10. The farms and people are invented. It is not a Department of Basic Education examination paper.

INSTRUCTIONS AND INFORMATION

1. Answer ALL the questions. Show ALL calculations. Write in full sentences where explanations are asked for.

QUESTION 1

1.1 Choose the correct answer. Write only the letter (A–D).

1.1.1 A farm that produces mainly to feed the farmer's own family practises … farming.

A commercial B subsistence
C intensive D organic

1.1.2 The four factors of production in agriculture are land, labour, capital and …

A management. B fertiliser.
C markets. D water.

1.1.3 Growing different crops on the same land in different seasons, in a planned order, is …

A monoculture. B crop rotation.
C intercropping. D irrigation.

1.1.4 A vaccine is given to animals to …

A cure a disease. B prevent a disease.
C increase milk. D kill ticks.

1.1.5 A record of all the animals born, bought, sold and died on a farm is a(n) … register.

A stock (livestock) B equipment
C labour D rainfall

(5 × 2)
(10)

1.2 Give ONE term for each description.

1.2.1 Farming a large area with few inputs per hectare, such as cattle ranching

1.2.2 Removing unwanted plants that compete with crops

1.2.3 A system of moving animals between camps to let the veld rest

1.2.4 All the costs of producing a product, such as seed, fertiliser and fuel

1.2.5 Selling products directly to customers at the farm gate or a market stall (5 × 2)
(10)

1.3 Indicate whether each statement is TRUE or FALSE. If FALSE, give the correct word for the underlined word.

1.3.1 Ploughing is a form of primary soil cultivation.

1.3.2 Ticks are internal parasites of cattle.

1.3.3 Drip irrigation uses more water than flood irrigation.

1.3.4 Profit is income minus expenses.

1.3.5 Broilers are chickens kept mainly for eggs. (5 × 2) (10)

[30]

QUESTION 2: CROP PRODUCTION

2.1 List, in the correct order, FOUR steps in preparing land and planting a maize crop. (4)

2.2 Give THREE advantages of crop rotation. (3)

2.3 Name TWO methods of controlling pests on crops, and give ONE disadvantage of using chemical pesticides. (3)

2.4 A farmer plants maize in rows 0,9 m apart, with plants 0,3 m apart in each row.

2.4.1 Calculate the area (in m²) used by ONE plant. (2)

2.4.2 Calculate the number of plants per hectare (1 ha = 10 000 m²). Round off to the nearest whole number. (3)

2.5 Explain why a farmer should store harvested grain in a dry, cool place. (3)

2.6 Compare drip irrigation and sprinkler irrigation: give ONE advantage of each. (4)

2.7 Give THREE safety rules when using a tractor on a farm. (3)

[25]

QUESTION 3: ANIMAL PRODUCTION

3.1 Name FOUR requirements of good housing for broiler chickens. (4)

3.2 Give FOUR signs that an animal is sick. (4)

3.3 Explain the difference between roughage and concentrates in animal feed, with ONE example of each. (4)

3.4 A farmer has 200 broilers. Each broiler eats 4 kg of feed during its life. A 50 kg bag of feed costs R480.

3.4.1 Calculate the total feed needed. (2)

3.4.2 Calculate how many bags the farmer must buy. (2)

3.4.3 Calculate the total cost of the feed. (2)

3.5 Explain why it is important to provide animals with clean water at all times. (3)

3.6 Give FOUR ways to prevent the spread of diseases on a livestock farm (biosecurity). (4)

[25]

QUESTION 4: FARM MANAGEMENT AND MARKETING

Thabo grows tomatoes. In one season he sold 2 000 kg at R12 per kg. His costs were: seedlings R3 500, fertiliser R4 200, water and electricity R2 800, labour R6 000 and transport R1 500.

4.1 Calculate Thabo's total income. (2)

4.2 Calculate his total costs. (2)

4.3 Calculate his profit. (2)

4.4 Give TWO reasons why farmers should keep accurate records. (4)

4.5 Name TWO places where Thabo could sell his tomatoes, and give ONE advantage of each. (4)

4.6 Suggest THREE ways in which Thabo could increase his profit next season. (6)

[20]

TOTAL: 100
