ACADEMIC CENTRAL

PRACTICE EXAMINATION

GRADE 7

SOCIAL SCIENCES

PAPER 1 · PRACTICE C

MARKS: 100 **TIME: 2 hours**

Section A: Geography (50) – latitude and longitude of African cities, types of scale, a recent earthquake case study, floods and volcanoes, world population growth and South Africa's resources. Section B: History (50) – the founding of Mali and oral history, the scale of the slave trade and slavery at the Cape, and the Khoikhoi and the frontiers of the Cape.

Written by Academic Central for practice, following the CAPS curriculum for Grade 7. It is not a Department of Basic Education examination paper.

INSTRUCTIONS AND INFORMATION

1. This question paper consists of TWO sections: SECTION A: Geography (50 marks) and SECTION B: History (50 marks).
2. Answer ALL the questions in BOTH sections.
3. Number your answers exactly as the questions are numbered.
4. Read the sources carefully before you answer the questions on them. The sources were written for this examination and are based on facts.
5. Show calculations where they are asked for. A calculator may be used.
6. Write in full sentences where explanations are asked for.

SECTION A: GEOGRAPHY

QUESTION 1: MAP SKILLS

1.1 Give ONE term for each description.

1.1.1 The line of latitude at 23½°N

1.1.2 The line that divides the Earth into the Eastern and Western Hemispheres

1.1.3 An instrument that shows direction

1.1.4 The relationship between a distance on a map and the real distance on the ground

1.1.5 The part of a map that explains what the symbols mean (5)

1.2 The table gives the approximate position of five African cities.

City	Latitude	Longitude
Cairo	30°N	31°E
Lagos	6°N	3°E
Nairobi	1°S	37°E
Johannesburg	26°S	28°E
Cape Town	34°S	18°E

1.2.1 Which city is closest to the Equator? (1)

1.2.2 Which TWO cities are in the Northern Hemisphere? (2)

1.2.3 Which city is the furthest south? (1)

1.2.4 Which city is the furthest west? (1)

1.2.5 Is Johannesburg north or south of the Tropic of Capricorn (23½°S)? (1)

1.3 (a) Name the THREE types of scale used on maps. (b) Write the word scale "1 cm represents 2 km" as a ratio scale. (4)

[15]

QUESTION 2: NATURAL DISASTERS

Read Source A and answer the questions.

SOURCE A: Earthquake in Türkiye and Syria

On 6 February 2023 an earthquake with a magnitude of 7,8 struck southern Türkiye (Turkey) near the border with Syria. Thousands of buildings collapsed. More than 50 000 people died, and millions were left homeless in freezing winter weather. Rescue teams from many countries, including South Africa, helped to search for survivors in the rubble.

2.1 (a) On which date did the earthquake happen? (b) What was its magnitude? (2)

2.2 Give TWO effects of the earthquake on people. (2)

2.3 Why did the winter weather make the disaster worse? (2)

2.4 Why do so many people die when buildings collapse, and how can buildings be made safer in earthquake areas? (2)

2.5 Why do countries send rescue teams to help other countries after a disaster? (1)

2.6 (a) Explain the difference between a flood and a flash flood. (b) Give TWO ways in which plants and trees help to reduce flooding. (4)

2.7 Give TWO positive effects of volcanoes. (2)

2.8 On which layer of the Earth do the plates of the crust float and move? (1)

2.9 Why does South Africa have no active volcanoes and very few strong earthquakes? (2)

2.10 Name TWO organisations or services that help people during a disaster in South Africa. (2)

[20]

QUESTION 3: POPULATION AND RESOURCES

3.1 Study the information about world population.

Year (about)	1800	1927	1974	2022
World population	1 billion	2 billion	4 billion	8 billion

3.1.1 How many years did it take for the world population to grow from 4 billion to 8 billion? (1)

3.1.2 Describe the trend shown in the table. (1)

3.1.3 Give TWO reasons why the world population has grown so quickly in the last 200 years. (2)

3.1.4 Give TWO problems caused by fast population growth. (2)

3.2 Give TWO ways in which HIV and AIDS have affected the population of South Africa. (2)

3.3 (a) Name ONE large dam in South Africa. (b) Why does South Africa need to build dams? (3)

3.4 Explain the difference between renewable and non-renewable resources, and give ONE example of each. (4)

[15]

TOTAL SECTION A: [50]

SECTION B: HISTORY

QUESTION 4: THE KINGDOM OF MALI

Read Source B and answer the questions.

SOURCE B: The founder of Mali

Sundiata Keita founded the Mali Empire after he defeated King Sumanguru of the Sosso people at the Battle of Kirina in about 1235. The story of Sundiata has been told for centuries by griots – storytellers and musicians who remember the history of their people and pass it on by word of mouth from one generation to the next.

4.1 Who founded the Mali Empire? (1)

4.2 Which battle did he win, and in about which year? (2)

4.3 Who were the griots? (2)

4.4 Explain what is meant by *oral history*. (2)

4.5 Give ONE advantage and ONE disadvantage of oral history as a source. (2)

4.6 Name the famous mosque in Timbuktu that was built during the rule of Mansa Musa. (1)

4.7 Why was Timbuktu known as a "city of scholars"? (2)

4.8 Give TWO ways in which Islam influenced the Mali Empire. (2)

4.9 What does the title "Mansa" mean? (1)

4.10 In which region of Africa was the Mali Empire found? (1)

[16]

QUESTION 5: THE SLAVE TRADE AND SLAVERY AT THE CAPE

Read Source C and answer the questions.

SOURCE C: The scale of the transatlantic slave trade

Historians estimate that about 12,5 million Africans were forced onto slave ships and taken across the Atlantic Ocean between 1500 and 1866. About 10,7 million of them survived the journey and arrived in the Americas.

5.1 Calculate how many people died during the voyages. (2)

5.2 What percentage of the people who were forced onto the ships died? Round off to one decimal place. (2)

5.3 Give TWO reasons why so many people died during the voyages. (2)

5.4 Name the THREE continents that formed the triangular trade. (3)

5.5 Give TWO reasons why the slave trade was eventually abolished. (2)

5.6 Name TWO places from which enslaved people were brought to the Cape. (2)

5.7 What was the Slave Lodge in Cape Town, and what is it used for today? (2)

5.8 Many enslaved people at the Cape were given new names, such as the names of months. Why do you think this was done? (1)

5.9 In which year did the apprenticeship period end, so that formerly enslaved people at the Cape were completely free? (1)

[17]

QUESTION 6: THE KHOIKHOI AND THE FRONTIERS OF THE CAPE

Read Source D and answer the questions.

SOURCE D: The almond hedge

Before 1652 the Khoikhoi had lived in the south-western Cape for more than a thousand years. They were herders who moved with their cattle and sheep from one grazing area to another, depending on the seasons. In 1660 the Dutch planted a hedge of bitter almond trees to mark the boundary of their settlement. The hedge cut the Khoikhoi off from grazing land and water that they had always used.

6.1 For how long had the Khoikhoi lived in the south-western Cape before 1652? (1)

6.2 Describe the way of life of the Khoikhoi. (2)

6.3 Why did the Dutch plant the almond hedge? (2)

6.4 How did the hedge affect the Khoikhoi? (2)

6.5 Where in Cape Town can parts of this hedge still be seen today? (1)

6.6 Give TWO features of the way of life of the trekboers. (2)

6.7 Explain why cattle were so important to the Xhosa on the eastern frontier. (2)

6.8 Which town on the eastern frontier was founded as a British military post in 1812, and what is it called today? (1)

6.9 Who were the Griqua? (2)

6.10 Give ONE example of co-operation between different groups on the frontiers of the Cape Colony. (2)
