TIME: 2 HOURS
MARKS: 150

INSTRUCTIONS AND INFORMATION

1. Answer ALL the questions.
2. Read ALL the questions carefully.
3. Number the answers according to the numbering system used in this question paper.
4. Write neatly and legibly.

NC(V)

QUESTION 1

You experienced a serious outbreak of food poisoning for the past three weeks in your establishment due to food contamination. Many complaints were received from clients and the health inspectors visited your establishment to investigate the matter.

1.1 Describe in detail how you will limit food contamination in your kitchen. (8)

1.2 Indicate whether the following statements are TRUE or FALSE. Choose the answer and write only 'True' or 'False' next to the question number (1.2.1–1.2.7) in the ANSWER BOOK.

1.2.1 Protective clothing should be worn to protect the worker from diseases.

1.2.2 Animals such as cats should be allowed in the kitchen so that they can deal decisively with rats and mice.

1.2.3 To keep germs under control you must drain liquids from food waste and wrap wet waste in newspaper or plastic bag before throwing it in the bin.

1.2.4 Wash bins with cold water to which a suitable cleaning agent and disinfectant has been added.

1.2.5 Poultry shears are used for clipping meat.

1.2.6 Abrasives, scouring powders and strong alkali detergents are used for heavier or more specialised tasks such as removing stubborn stains.

1.2.7 Splintered or rough wood should be sanded smooth to discourage the build-up of bacteria and to prevent splinters harming the user.

(7 × 1) (7)

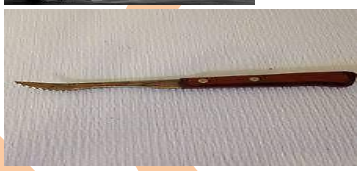

1.3 Explain how you will deal with the following unexpected problems:

1.3.1 Broken knives (3)

1.3.2 You do not have the right knife for the job. (2)

QUESTION 2

Keletso operates a small catering company at a shopping complex near her village. The local municipality often asks her to cater for various events such as workshops and meetings. When she is not catering for events she sells take-away food items such as baked, grilled and fried products to the local people. She always makes a mess of packaging take-away food items for her customers as she does not know what packaging material to use, how to package and what packaging material to use.

2.1 Guide Keletso on how she should pack take-away food items correctly. (6)

2.2 What will happen if Keletso bake food items at a very high temperature? (1)

2.3 Choose a word/tem from the list given below that best suits each of the following descriptions. Write only the word/term next to the question number (2.3.1–2.3.5) in the ANSWER BOOK.

bottled quick foods; vacuum packed foods; chilled quick foods;
fresh quick foods; frozen quick foods; portioned quick foods;
canned quick foods; dried quick foods

2.3.1 Food that is stored in fridges.

2.3.2 Small butter and jams you get at some restaurants.

2.3.3 Food that is packed in plastic and all the air has been taken out of the package.

2.3.4 These foods are usually rehydrated before they are cooked by being soaked in water or liquids.

2.3.5 Foods that are bought in their original form e.g cheese.

(5 × 1) (5)

2.4 Various options are given as possible answers to the following questions. Choose the answer and write only the letter (A–D) next to the question number (2.4.1–2.4.5).

2.4.1 Herbs that complement meat and fish are ...

A thyme.
B basil.
C fennel.
D onions.

2.4.2 ... is ideal for salads and vegetables.

A Rosemary
B Parsley
C Tarragon
D Chives

NCV

2.4.3 Vegetables such as ... garnish dishes attractively.

A cucumber slices
B potato slices
C cabbage leaves
D beetroot leaves

2.4.4 A slice or wedge of ... is always served with fish.

A orange
B grapefruit
C banana
D lemon

2.4.5 Everything used for garnishing should be ...

A big enough.
B edible.
C bright.
D green.

(5 × 1) (5)

2.5 You are requested to prepare food for quick service for a group of students who are visiting your establishment for career guidance.

Explain how you will prepare food preparation areas before you start working. (8)

2.6 Your friend wants to prepare food for quick service. She does not have an idea of what food to prepare.

Draft a list of FIVE pre-prepared and convenience foods she can prepare. (5)
[30]
