INSTRUCTIONS TO MARKERS

Manipulation:

- Use a blue pen for ALL manipulation commands.
- Use a tick and the question number for every correct manipulation carried out.
- Use an X (cross) to mark manipulation incorrectly done.
- The QUESTION NUMBER must be written next to every tick or X**,** e.g. 1.3.✓✓

Accuracy:

- Use a red tick to indicate ALL accuracy marks.
- Use a **red** X to indicate ALL accuracy errors.
- The QUESTION NUMBER must be written next to every tick or X**,** for example 1.4 ✓✓✓✓XX.

Timed Accuracy Test:

- The timed accuracy test must be marked according to the schedule for QUESTION 1.
- A candidate failing speed, but obtaining 50% or more for the entire question paper, is competent in the examination.
- A candidate passing speed, but failing the question paper, FAILS the question paper as well as the speed.

QUESTION 1: TIMED ACCURACY TEST

NOTE: THE ACCURACY TEST MUST BE MARKED CAREFULLY AS IT IMPACTS ON THE RESULTS. MARK ACCURACY ONLY.

1. The attached mark schedule must be used to allocate marks.

2. When the same word is repeatedly typed incorrectly it is penalised the first time only (once) and thereafter encircled per question.

3. Omission of words: Count the first 5 strokes (including spaces) and thereafter every 10 strokes as 1 error.

4. Should a whole line or paragraph be left out and put in at the bottom of the answer only ONE accuracy is deducted and it is not penalised as an omission of words.

5. Should a whole line or paragraph be repeated, only ONE accuracy error is deducted for the whole line or paragraph.

6. If 30 wpm is not reached count back as indicated in the memorandum.

7. The highest mark obtained is indicated. The highest speed obtained (12/30 or more) is indicated.

8. Indicate the speed obtained with a P/S (Pass Speed) 30 wpm/35 wpm or F/S (Fail Speed) on the COVER PAGE next to the mark for the speed and indicate the speed obtained next to the percentage obtained.

9. Indicate at the end of the speed test:

Pass/Fail Speed	**P/S**
No. of errors	**3**
Mark achieved	**16/20**
WPM achieved	**30 wpm**

10. The speed reached is endorsed on the COVER of the ANSWER SHEET next to the percentage obtained (within the circle), for example:

30 wpm

11. No marks deducted for the following:

- Incorrect casing (capital/lower case)
- Incorrect letter spacing
- Incorrect hyphenation
- Incorrect line spacing
- Incorrect paragraphing
- Incorrect justification

The Northern Cape (Afrikaans: *Noord-Kaap*; Tswana: *Kapa Bokone*) is the largest and most sparsely populated province of South Africa. It was created in 1994 when the Cape Province was split up. Its capital is Kimberley. It includes the Kalahari Gemsbok National Park, part of the Kgalagadi Transfrontier Park, an international park shared with Botswana. It also includes the Augrabies Falls and the diamond mining regions in Kimberley and Alexander Bay. The Namaqualand region in the west is famous for its Namaqualand daisies. The southern towns of De Aar and Colesberg, in the Great Karoo, are major transport nodes between Johannesburg, Cape Town and Port Elizabeth. In the northeast, Kuruman is known as a mission station and also for its artesian spring, the Eye of Kuruman. The Orange River flows through the province, forming the borders with the Free State in the southeast and with Namibia to the northwest. The river is also used to irrigate the many vineyards in the arid region near Upington.

Native speakers of Afrikaans comprise a higher percentage of the population in the Northern Cape than in any other province. The Northern Cape's four official languages are Afrikaans, Tswana, Xhosa, and English. Minorities speak the other official languages of South Africa, and a few people speak indigenous languages such as Nama and Khwe.

The provincial motto, "We go to a better life", is in the Nlu language of the Khomani people. It was given in 1997 by one of the language's last speakers, Ms. Elsie Vaalbooi of Rietfontein, who has since died. It was South Africa's first officially registered motto in a Khoisan language. Subsequently, South Africa's national motto, *!Ke e* ǀ*xarra* ǁ*ke*, was derived from the extinct Northern Cape ǀXam language.

The Northern Cape was one of three provinces carved out of the Cape Province in 1994, the others being Western Cape to the south and Eastern Cape to the southeast. Politically, it had been dominated since 1994 by the African National Congress (ANC).

QUESTION 2

ADDITIONAL INSTRUCTIONS FOR MARKING QUESTION 2 ONLY:

1. If a PRINTOUT of the data source is not supplied the following should be applied:

   Mark the accuracy of the records inserted in the PRINTOUT of the merged letters that is QUESTION 2C.

   For 2.1 – 1 mark is lost for filename and examination number

   For 2.3 – 1 mark is lost – QUESTION 2A (data source) not printed

2. If NO PRINTOUT of the primary document (QUESTION 2B) is included the following marks are lost:

   - 2.4 – marked in merged document
   - 2.4.1 – 2 marks for the header not inserted/incorrect
   - 2.4.2 – 2.4.11 must be marked in the merged letter
   - 2.4.13 – 1 mark lost for not printing primary/main document

3. If NO PRINTOUT of the primary document is included:

   - 2.4.12 - 1 mark lost – no evidence of documents being linked
   - 2.4.10 – 6 marks lost – no evidence of merged fields being inserted
   - 2.4.14 – 1 mark – no PRINTOUT of the primary document
   - 2.4.15 – 1 mark – QUESTION NUMBER 2C not changed

4. NO printout of merged documents

   - If NO PRINTOUT of the merged documents is included, marks for 2.4.16 and 2.4.17 are lost.
   - If the records in the merged field in QUESTION 2C differ from the data source QUESTION 2A, then regard QUESTION 2C as invalid and do NOT allocate any marks to QUESTION 2C.

KIMBERLEY – NORTHERN CAPE

3.3.2 inserted heading in upper case✓ bold ✓ 28 pt✓ centre aligned✓ **3.3.3 outline effect to main heading✓✓**

KIMBERLEY is the capital and largest city of the Northern Cape Province of South Africa. It is located approximately 110 km east of the confluence of the Vaal and Orange Rivers. The city has considerable historical significance due to its diamond mining past and the siege during the Second Boer War. British businessmen Cecil John Rhodes and Barney Barnato made their fortunes in ***KIMBERLEY***, and the roots of the De Beers company can also be traced to the early days of the mining town.

KIMBERLEY was the first city in the southern hemisphere and the second in the world after Philadelphia to integrate electric street lights into its infrastructure on September 2, 1882. The first stock exchange in Africa was also built in ***KIMBERLEY***, as early as 1881.

3.3.5 applied triple border✓

COATS OF ARMS

3.3.4 changed heading to upper case✓
bold✓ 20 pt ✓underlined✓

Municipality — The ***KIMBERLEY*** borough council assumed a coat of arms in 1878. The coat of arms was registered with the Cape Provincial Administration in December 1964 and at the Bureau of Heraldry in February 1968.

The design was a combination of the Union Jack and the charges from the Cape Colony's coat of arms, with a lozenge to represent the diamond-mining industry : *Azure, a cross and saltire superimposed gules both fimbriated argent, in chief three bezants or, each charged with a fleur de lis azure, and in base three annulets or; on a lozenge or, superimposed over the fess point, a lion rampant gules. The motto was "Spero meliora".*

3.3.6 text italics✓

3.3.7 paragraph 3 and 4✓ - 2 columns✓
vertical line✓ column break✓

3.3.8 columns justified✓
hyphenation✓

Divisional council — The ***KIMBERLEY*** divisional council, which administered the rural areas outside the city, registered its own coat of arms at the Bureau in August 1970.

The coat of arms were: *Per saltire, in chief, barry wavy of six argent and azure; in base, argent, a pale sable charged with three fusils argent; dexter, gules, a shovel and pick in saltire, handles downward,* or; sinister, a staff of Aesculapius, or. In layman's terms, the shield was divided in four by two diagonal lines, and depicted (1) six silver and blue stripes with wavy edges, (2) a crossed pick and shovel on a red background, (3) a golden staff of Aesculapius, and (4) three silver diamond-shaped fusils on a black vertical stripe on a silver background.
The crest was two crossed rifles in front of an upright sword; the supporters were two kudus; and the motto was "Nitanir semper ad optima".

Demography

3.3.10 centre aligned heading✓
3.3.11 indented left and right 3 cm✓✓
line spacing 1.5✓

According to the 2011 census, the population of ***KIMBERLEY*** proper was 96 977, while the townships Galeshewe and Roodepan had populations of 107 920 and 20 263 respectively. This gives the urban area a total population of 225 160. Of this population, 6,1% identified themselves as Black African, 26,8% as Coloured, 8,0% as White and 1,2% as Indian or Asian. 43,2% of the population spoke Afrikaans as their first language, 35,8% spoke Setswana, 8,7% spoke English, 6,0% spoke isiXhosa and 2,7% spoke Sesotho.

Landscapes, urban and rural

KIMBERLEY is set in a relatively flat landscape with no prominent topographic features within the urban limits. The only "hills" are debris dumps generated by more than a century of diamond mining. From the 1990s these were being recycled and poured back into De Beers Mine. Certain of the mine dumps, in the vicinity of the Big Hole, have been proclaimed as heritage features and are to be preserved as part of the historic industrial landscape of ***KIMBERLEY***. **3.3.13 endnote position✓**

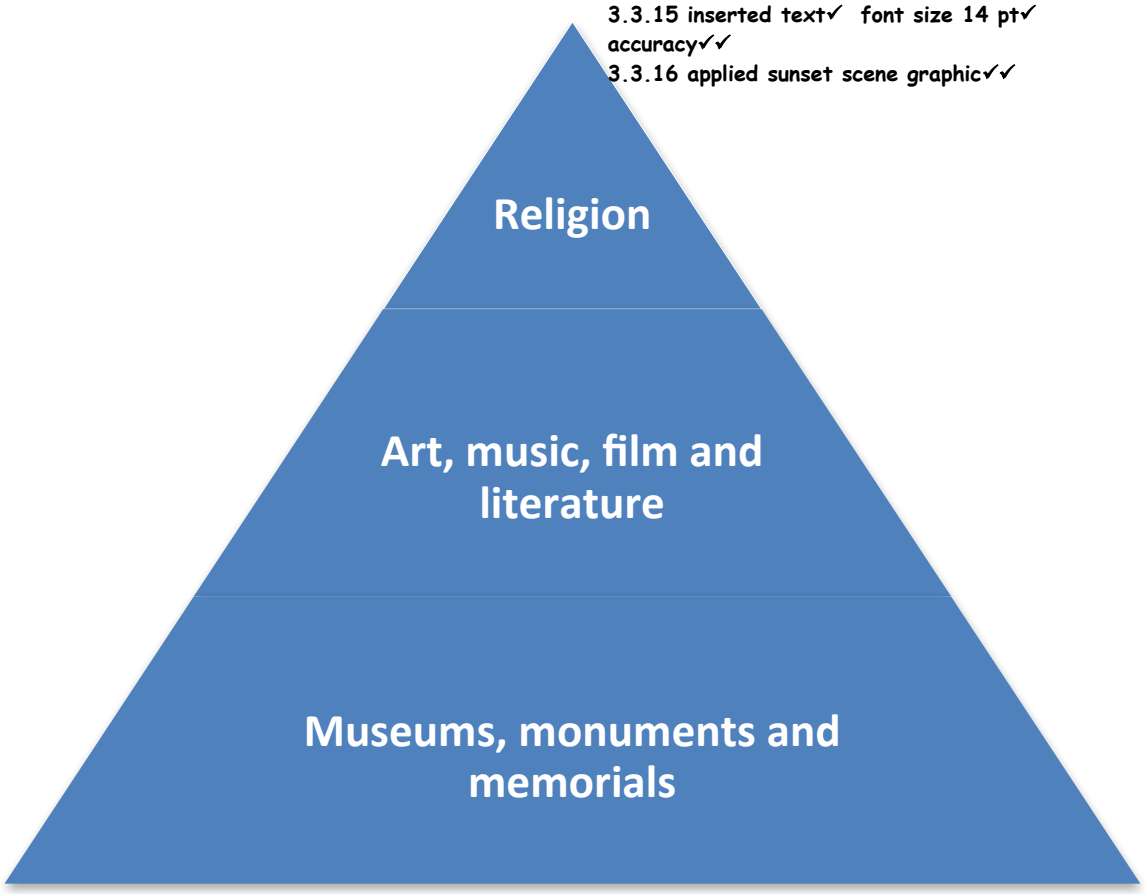

The surrounding rural landscape, not more than a few minutes' drive from any part of the city, consists of relatively flat plains dotted with hills, mainly outcropping basement rock (andesite) to the north and north-west, or Karoo-age dolerite to the south and east. Shallow pans formed in the plains.

One of ***KIMBERLEY***'s famous features is Kamfers Dam, a large pan north of the city, which is an important wetland supporting a breeding colony of lesser flamingos. Conservation initiatives in the area aim to bring people from the city in touch with its wildlife. In 2012 rising water levels flooded the artificial island built to enhance flamingo breeding, while in December 2013 a local outbreak of avian botulism bacteria resulted in the deaths of hundreds of birds. The island has since re-emerged.

- The Big Hole, previously known as the ***KIMBERLEY*** Mine Museum, is a recreated townscape and museum, with Big Hole viewing platform and other features, situated next to the ***KIMBERLEY*** Mine ("Big Hole"). It houses a rich collection of artefacts and information from the early days of the city.
- The McGregor Museum, which celebrated its centennial in 2007, curates and studies major research collections and information about the history and ecology of the Northern Cape, which are reflected in displays at the museum's headquarters at the Sanatorium in Belgravia and nine branch museums.
- The William Humphreys Art Gallery.
- The ***KIMBERLEY*** Africana Library.
- Dunluce and Rudd House Museums.
- Pioneers of Aviation Museum: In 1913, South Africa's first flying school opened in ***KIMBERLEY*** and started training the pilots of the South African Aviation Corps, later to become the South African Air Force. The museum is located on the site of that flying school and houses a replica of a Compton Paterson biplane, one of the first aircraft to be used for flight training. The first female on the African continent to receive her pilot's license, Ann Maria Bocciarelli, was trained at this facility.

QUESTION 7

7.1 Opened document/inserted examination number (1)

7.2
- Open the Word file
- Click the File tab and choose Info on the drop down
- Click the Protect document icon and choose Encrypt with password
- In the password box, type a password
- Click OK (5)

7.3 ALL disks and downloaded files are scanned by an antivirus software. The virus checker will detect and then destroy or repair the virus. (2)

7.4 Help and support✓
Information correct✓✓
Print screen✓

Format a CD or DVD

Before you can burn files to a CD, DVD, or Blu-ray Disc, the disc must first be prepared using a process called formatting. There are several ways to format a disc. Your choice of format determines which computers and other devices will be able to read the disc.

1. Insert a recordable or rewritable disc into your computer's CD, DVD, or Blu-ray Disc burner.

2. In the AutoPlay dialog box that appears, click Burn files to disc using Windows Explorer.
3. Type a name for your disc in the Disc title box.
4. Click one of the following formatting options:
   - Like a USB flash drive

     The disc will use the Live File System format.

   - With a CD/DVD player

     The disc will use the Mastered format.

5. Click Next to prepare the disc.

   Now you can burn files to your disc using whichever method you selected. For more information about burning a CD or DVD, see Burn a CD or DVD in Windows Explorer.
