GRADE 8

SOCIAL SCIENCES

PRACTICE EXAM 1 · MARKING GUIDELINE

MARKS: 100

Marking guideline for the Academic Central Grade 8 Social Sciences practice exam 1.

Written by Academic Central for practice, following the CAPS curriculum for Grade 8. It is not a Department of Basic Education marking guideline.

How to mark: each ✓ is one mark. Accept answers in the learner's own words and other correct examples. For source-based questions, credit answers that use the source correctly. In calculations give method marks.

SECTION A: GEOGRAPHY

QUESTION 1

1.1 1.1.1 Globe ✓ 1.1.2 Ratio (numerical) scale ✓ 1.1.3 Topographic map ✓ 1.1.4 Minute ✓ (4)

1.2 (a) $33{,}5°$ ✓ (b) $2{,}25 \times 60 = 135'$ ✓ (2)

1.3.1 $6{,}4 \times 250\,000 = 1\,600\,000$ cm ✓ $= 16$ km ✓ (2)

1.3.2 1 cm $= 2{,}5$ km $\rightarrow 30 \div 2{,}5$ ✓ $= 12$ cm ✓ (2)

1.3.3 1 cm represents 2,5 km ✓ (1)

1.4 $30° \div 15° = 2$ hours ✓; Town B is west, so its time is earlier: $14{:}00 - 2$ h $= 12{:}00$ ✓ (2)

1.5 A large-scale map (e.g. 1 : 10 000) shows a small area in great detail ✓; a small-scale map (e.g. 1 : 1 000 000) shows a large area with little detail ✓. (2)

[15]

QUESTION 2

2.1 Weather is the condition of the atmosphere at a particular place and time (day to day) ✓; climate is the average weather of a place over a long period (about 30 years) ✓. (2)

2.2.1 January, February and December (20 °C) ✓ (1)

2.2.2 $20\,℃ - 10\,℃$ ✓ $= 10\,℃$ ✓ (2)

2.2.3 $125 + 90 + 80 + 50 + 20 + 5 + 5 + 6 + 25 + 70 + 110 + 120$ ✓ $= 706$ mm ✓ (2)

2.2.4 Summer rainfall ✓ (1)

2.2.5 The Highveld (e.g. Gauteng, Free State) ✓ (1)

2.3 (a) Temperature decreases as altitude increases (about 6,5 °C per 1 000 m) ✓, so high places are cooler ✓. (6)
(b) Places near the sea have a mild climate with a small temperature range ✓; places far inland have hotter summers and colder winters (a large range) ✓.
(c) Durban is warmed by the warm Agulhas Current, so it is warm and humid ✓; Port Nolloth is cooled by the cold Benguela Current, so it is cool and very dry ✓.

2.4 Any TWO: hot, dry summers ✓; mild, wet winters ✓; rain brought by cold fronts. The south-western part of the Western Cape (around Cape Town) ✓ (3)

[18]

QUESTION 3

3.1 Rural settlements are small, in the countryside, and most people work in primary activities such as farming ✓; urban settlements (towns and cities) are large and crowded, and most people work in secondary and tertiary activities ✓. (2)

3.2 Site: the actual land on which a settlement is built (e.g. near water, on flat land) ✓.
Situation: the position of the settlement in relation to the surrounding area (e.g. near a river, a road or other towns) ✓. (2)

3.3 Any TWO zones with descriptions, two marks each, e.g. (4)
CBD (central business district) ✓ – in the centre; tall buildings, offices, banks and shops ✓
Industrial zone ✓ – factories and warehouses, near transport routes ✓
Residential zone – where people live (houses, flats); Recreational zone – parks and sports fields

3.4 Any TWO: informal settlements ✓; unemployment ✓; pressure on water, electricity and sanitation; traffic congestion and pollution; crime; overcrowding (2)

3.5 Any TWO: trains can carry very heavy loads over long distances ✓; cheaper per tonne ✓; less damage to roads; less traffic and pollution per tonne (2)

3.6 (a) Exports are goods sold to other countries ✓; imports are goods bought from other countries ✓ (3)
(b) Any ONE: gold, platinum, coal, iron ore, diamonds, citrus fruit, wine, motor vehicles ✓

3.7 Any ONE: Durban, Cape Town, Richards Bay, Port Elizabeth (Gqeberha), Ngqura, Saldanha Bay, East London ✓ (1)

3.8 An area where people build homes from available materials on land that they do not own, usually without proper services ✓ (1)

[17]

TOTAL SECTION A: [50]

SECTION B: HISTORY

QUESTION 4

4.1 12 to 14 hours ✓ (1)

4.2 Six years old ✓ (1)

4.3 Any TWO: crawling under moving machines ✓; accidents / injuries (losing fingers, being crushed) ✓; very long hours causing exhaustion; dust that damaged their lungs (2)

4.4 Any TWO: children could be paid much less ✓; they were small enough to crawl under machines ✓; they were easier to control and less likely to complain (2)

4.5 Children under nine were not allowed to work in textile mills ✓, and the working hours of older children were limited ✓. (2)

4.6 James Watt ✓ (1)

4.7 Machines driven by steam could work faster and longer than people or animals ✓, so goods were produced in large quantities in factories instead of by hand at home ✓. (2)

4.8 Any TWO: plenty of coal and iron ✓; money (capital) from trade and colonies to invest ✓; new inventions; good ports, rivers and canals for transport; markets for goods in its colonies; a growing population for workers (2)

4.9 Urbanisation: large numbers of people moved from the countryside to towns and cities to work in factories ✓✓. Any ONE problem: overcrowded slums; poor sanitation and diseases such as cholera; pollution; crime ✓ (3)

[16]

QUESTION 5

5.1 1867 ✓ (1)

5.2 The Eureka ✓ (1)

5.3 Deep mining needed expensive machinery and lots of money (capital) ✓, which individual diggers could not afford ✓. (2)

5.4 Cecil John Rhodes ✓ in 1888 ✓ (2)

5.5 A monopoly ✓ – when one company controls (almost) all the supply of a product and can decide prices ✓ (2)

5.6 On the Witwatersrand ✓ in 1886 ✓ (2)

5.7 Johannesburg ✓ (1)

5.8 Migrant labour: men left their rural homes to work on the mines for long contracts, while their families stayed behind ✓. Any TWO effects: families were separated for long periods ✓; women and the elderly had to do all the farm work; children grew up without fathers; rural areas became poorer; diseases spread ✓ (3)

5.9 To control the workers and keep wages low ✓; to stop workers from stealing diamonds or leaving before their contracts ended ✓ (2)

5.10 Taxes had to be paid in cash, so men had to earn wages on the mines to pay them ✓ (1)

[17]

QUESTION 6

6.1.1 European countries met in Berlin ✓ and agreed on rules for dividing Africa among themselves, without any African leaders present ✓. (2)

6.1.2 Any TWO: raw materials (rubber, minerals, cotton) ✓; new markets for factory goods ✓; national pride and power; strategic positions such as ports; spreading Christianity (2)

6.1.3 Ethiopia ✓ and Liberia ✓ (2)

6.1.4 The Battle of Adwa ✓ (1)

6.2.1 21 February 1917 ✓ (1)

6.2.2 It was struck by another ship, the SS Darro, in thick fog ✓ (1)

6.2.3 Members of the South African Native Labour Corps ✓ who had volunteered to work behind the battle lines in France (e.g. loading ships and building roads) ✓ (2)

6.2.4 Because of racial discrimination – the government did not want to arm black people ✓; it shows that South Africa was a deeply racist and unequal society ✓. (2)

6.2.5 To honour the men who died serving and whose sacrifice was ignored for many years ✓ (1)

6.2.6 Any TWO explained: militarism – countries built up large armies and navies ✓; alliances – countries promised to defend each other, so a local war spread ✓; imperialism – rivalry over colonies; nationalism – strong pride and competition between nations (2)

6.2.7 The assassination of Archduke Franz Ferdinand of Austria-Hungary ✓ (1)
