GRADE 8

SOCIAL SCIENCES

PRACTICE EXAM 3 · MARKING GUIDELINE

MARKS: 100

Marking guideline for the Academic Central Grade 8 Social Sciences practice exam 3.

Written by Academic Central for practice, following the CAPS curriculum for Grade 8. It is not a Department of Basic Education marking guideline.

How to mark: each ✓ is one mark. Accept answers in the learner's own words and other correct examples. For source-based questions, credit answers that use the source correctly. In calculations give method marks.

SECTION A: GEOGRAPHY

QUESTION 1

1.1.1 (a) B2 ✓ (b) D3 ✓ (2)

1.1.2 The hospital ✓ (1)

1.1.3 South-east ✓ (1)

1.1.4 $2\text{ km east and }1\text{ km south: d}^2 = 2^2 + 1^2 = 5$ ✓ $\rightarrow \text{d} \approx 2{,}24\text{ km}$ ✓ (2)

1.1.5 $5\text{ km} \times 4\text{ km} = 20\text{ km}^2$ ✓ (1)

1.2 Any TWO with purpose: political map – countries, borders and cities ✓; physical map – mountains, rivers and relief ✓; road map – roads and routes; climate map – rainfall or temperature; topographic map – detailed landscape features (2)

1.3 To give a much more exact (precise) position ✓ (1)

1.4 $30° + 45° = 75°$ ✓; $75 \div 15 = 5\text{ hours earlier} \rightarrow 07{:}00$ ✓ (2)

1.5 The Earth turns 360° in 24 hours ✓, which is 15° per hour, so each 15° band of longitude has a time one hour different ✓. (2)

1.6 To find an exact position (and directions) using satellites ✓ (1)

[15]

QUESTION 2

2.1 Bloemfontein is at a high altitude (about 1 400 m), and temperature drops with height ✓. It is far from the sea, so it has no moderating influence of the ocean ✓; Durban is warmed by the warm Indian Ocean (Agulhas Current) ✓. (3)

2.2.1 $\text{P: } 25 - 18 = 7\text{ °C}$ ✓ $\text{Q: } 22 - 8 = 14\text{ °C}$ ✓ (2)

2.2.2 It is inland, far from the moderating influence of the sea ✓, and higher above sea level, so its winters are much colder ✓. (2)

2.2.3 Town Q ✓ (1)

2.3 (a) Moist air from the sea is forced to rise over the mountains ✓; as it rises it cools and the water vapour condenses to form clouds ✓; rain falls on the windward side ✓. (4)
(b) The dry area on the other side (leeward side) of the mountains, which receives little rain ✓

2.4 (a) Grassland with scattered trees (such as acacias and baobabs) ✓; grass grows tall in the summer rains and dries out in winter ✓ (3)
(b) Any ONE: Limpopo; Mpumalanga Lowveld (Kruger National Park); northern KwaZulu-Natal; North West ✓

2.5 (a) People prefer places with enough rainfall and moderate temperatures for farming, water and comfort ✓; very dry, very hot or very cold areas have few people ✓ (3)
(b) Any ONE: wheat; grapes (wine); deciduous fruit (apples, pears) ✓

[18]

QUESTION 3

3.1 Hamlet → village → town → city → metropolis ✓✓ (one mark if one item is out of place) (2)

3.2 A city has many more people ✓, so there are enough customers (a large enough threshold) to support many specialised services ✓. (2)

3.3 Problems, any TWO: no proper water or sanitation ✓; fires and floods ✓; overcrowding; crime; illegal electricity connections; disease. Solutions, any TWO: provide basic services (taps, toilets, electricity) ✓; build low-cost housing ✓; upgrade the settlement where it is; create jobs (4)

3.4 Any ONE form: buses (e.g. BRT systems), minibus taxis, trains (Metrorail, Gautrain) ✓; any ONE advantage: cheaper than a car; less traffic and pollution; carries many people ✓ (2)

3.5 (a) The way countries and their economies, cultures and people are becoming more connected through trade, travel and communication ✓✓ (3)
(b) China ✓

3.6 Most of South Africa's imports and exports are carried by ship ✓; ports create jobs and allow minerals and products to be sold to other countries ✓. (2)

3.7 Raw materials can be imported and finished goods exported easily ✓, which saves transport costs; there is also a large labour force and good road and rail links ✓. (2)

[17]

TOTAL SECTION A: [50]

SECTION B: HISTORY

QUESTION 4

4.1 1885 ✓ (1)

4.2 Maputo ✓ (1)

4.3 Any TWO: machinery ✓; coal ✓; food (2)

4.4 The mines needed heavy machinery, coal and supplies brought over long distances ✓, and large numbers of workers; ox-wagons were far too slow and could not carry enough ✓. (2)

4.5 Railways made it easier for men to travel to the mines as migrant workers ✓, so many families were separated and rural life changed; goods and ideas from the towns also reached rural areas ✓. (2)

4.6 Any ONE explained: both led to the fast growth of cities ✓; both depended on new technology such as steam power and railways; both used cheap labour under harsh conditions; both changed farming economies into industrial economies ✓ (2)

4.7 Any TWO: spinning jenny ✓; steam engine ✓; power loom; steam locomotive; water frame; spinning mule (2)

4.8 It banned children under nine from working in textile mills ✓ and limited the working hours of older children (and appointed factory inspectors) ✓. (2)

4.9 It was the centre of the cotton industry ✓, with hundreds of cotton mills ✓. (2)

[16]

QUESTION 5

5.1 Any TWO: twenty or more men to a room ✓; sleeping on concrete bunks ✓; workers could not leave without permission (2)

5.2 Many men lived very close together in crowded rooms ✓ with poor ventilation, hygiene and food, so germs spread easily ✓. (2)

5.3 Mine owners wanted to control the workers ✓, to stop them from leaving before their contracts ended (or stealing diamonds) ✓. (2)

5.4 Laws and rules that kept skilled, better-paid jobs for white workers ✓, while black workers were only allowed to do unskilled, low-paid work ✓. (2)

5.5 Any ONE explained: the Chamber of Mines agreed on low wages so mines did not compete for workers ✓; workers were migrants on contracts with no right to bargain; black workers could not form recognised trade unions; the colour bar kept them in unskilled jobs ✓ (2)

5.6 Silicosis (miners' phthisis) ✓ (1)

5.7 George Harrison ✓ (1)

5.8 They had to do all the farm work and raise the children alone ✓, often with very little money, and lived apart from their husbands for long periods ✓. (2)

5.9 Agree or disagree with a sensible explanation, e.g. Agree ✓ – mining brought foreign investment, railways, banks, cities and industries ✓, changing South Africa from a farming to an industrial economy ✓ (accept a balanced answer that also mentions the inequality it created) (3)

[17]

QUESTION 6

6.1 (a) Any ONE: the Battle of Adwa (Ethiopia, 1896); the Herero and Nama uprising (1904–1908); the Maji Maji rebellion (Tanzania, 1905–1907); the Bambatha Rebellion (Natal, 1906); the Asante (Ashanti) wars ✓ (5)

(b) The borders were drawn with straight lines on maps without asking Africans ✓; they split some ethnic groups across different colonies and forced rival groups together, which later caused conflict ✓

(c) Any TWO: loss of land and independence ✓; exploitation of resources and people ✓; forced labour and heavy taxes; loss of culture and languages; artificial borders and later conflicts

6.2 Triple Entente (Allies): Britain, France or Russia ✓; Triple Alliance (Central Powers): Germany, Austria-Hungary (or Italy at first; later the Ottoman Empire) ✓ (2)

6.3.1 July 1916 ✓ in France ✓ (2)

6.3.2 To capture Delville Wood and hold it at all costs ✓ (1)

6.3.3 $^{3\,150 - 780}/_{3\,150} \times 100 = {}^{2\,370}/_{3\,150} \times 100$ ✓ $\approx 75\%$ ✓ (2)

6.3.4 New weapons such as heavy artillery (shelling) and machine guns killed huge numbers of soldiers ✓, and soldiers had to attack across open ground or hold positions with little protection ✓. (2)

6.3.5 Many countries from all over the world took part ✓; fighting took place in Europe, Africa, the Middle East and at sea ✓; colonies such as South Africa, India and Australia sent soldiers and workers ✓. (3)
