QUESTION 1: PRÉCIS

- Colder weather tends to keep people indoors.
- Exercise is an immune booster.
- Maintaining an exercise routine helps to prevent one from getting various illnesses.
- Irrespective of existing conditions, just fit in exercise into your daily routine.
- Be disciplined and dedicated.
- Determine (check) your motive for exercising.
- If your motive is weak, it's easy to drop out.
- All the exercises done at gyms can be done at home.
- Different (various) exercises can be done.
- Use your creativity to make tools that can assist you in exercising.
- Take things easy and slow.
- Use the correct clothing that will support you.
- Consult specialists to assist in your choices.
- Though it may be expensive it is worth it.
- Walking is an excellent way of keeping active.
- Acquire the correct shoes for various purposes.
- Failure to obtain the correct shoes can have negative physical consequences (effects).
- Go on a hike and choose an interesting route.
- Organise get-togethers with your friends which include some activities.
- Examine your environment and see what it offers in terms of fun ways of staying active.
- Enlist your name for a charitable cause by participating in their activities.
- If you are having problems organising an exercise routine, you can still use traditional ways of exercising. **[20]**
