Kabelo and the School Garden

1 Kabelo was in Grade 4 at Thabong Primary School. Every Friday after school, he helped Mrs Dlamini in the school vegetable garden.

2 One hot Friday, Kabelo saw that the spinach plants were dry and yellow. "The garden tap is broken," said Mrs Dlamini sadly. "We cannot water the plants."

3 Kabelo had an idea. On Monday he asked every learner in his class to bring one empty two-litre bottle from home. By Wednesday they had thirty-two bottles.

4 The learners filled the bottles with water at the kitchen tap. They made small holes in the lids and pushed the bottles upside down into the soil next to the plants. The water dripped out slowly, so the soil stayed wet all day.

5 After two weeks the spinach was green and tall again. Mrs Dlamini picked a big bag of spinach and gave it to the school kitchen. "Kabelo, you used your head," she said with a smile. "Today everyone will eat spinach with their pap."
