PAPER 1 · PRACTICE D · MARKING GUIDELINE

MARKS: 100

Marking guideline for the Academic Central Grade 8 Social Sciences paper 1 · practice d.

Written by Academic Central for practice, following the CAPS curriculum for Grade 8. It is not a Department of Basic Education marking guideline.

How to mark: each ✓ is one mark. Accept answers in the learner's own words and other correct examples. For source-based questions, credit answers that use the source correctly. In calculations give method marks.

SECTION A: GEOGRAPHY

QUESTION 1

1.1.1 Gqeberha ✓ (1)

1.1.2 Upington ✓ (1)

1.1.3 60 minutes ✓ (1)

1.1.4 The Tropic of Capricorn ✓ (1)

1.2 Word scale, e.g. "one centimetre represents one kilometre" ✓; line (linear) scale – a line divided into units that show real distances ✓; ratio scale, e.g. 1 : 50 000 ✓ (3)

1.3 $6 \times 50\,000 = 300\,000\ \text{cm}$ ✓; $300\,000\ \text{cm} = 3\,000\ \text{m}$ ✓ $= 3\ \text{km}$ ✓ (3)

1.4 A round globe cannot be shown on a flat map without distortion ✓; the Mercator projection stretches areas more and more towards the poles, so Greenland (far north) looks much bigger than it really is ✓. (2)

1.5 A large-scale map shows a small area in great detail (e.g. 1 : 10 000) ✓; a small-scale map shows a large area with little detail (e.g. 1 : 10 000 000) ✓. (2)

1.6 $60 \div 15 = 4\ \text{hours later: } 10{:}00 + 4\ \text{h} = 14{:}00$ ✓ (1)

[15]

QUESTION 2

2.1.1 January ✓ (1)

2.1.2 Summer rainfall ✓ – most rain falls in the summer months (October to March) and winters are dry ✓ (2)

2.1.3 $25 - 15$ ✓ $= 10\ °\text{C}$ ✓ (2)

2.1.4 Any ONE ✓: sugar cane, bananas, mangoes, citrus, macadamias, avocados, litchis (1)

2.2 (a) The Benguela Current ✓ (4)
(b) The cold current cools the air above the sea ✓, so the air is stable and cannot rise to form rain clouds ✓; the moisture forms fog over the coast instead of rain, so the land stays very dry ✓.

2.3 Any TWO ✓✓: long or widespread roots; thick, waxy leaves or spines to reduce water loss; fleshy stems or leaves that store water; seeds that wait for rain before they grow (2)

2.4 The sun's rays strike the equator almost vertically ✓, so the heat is concentrated on a small area ✓; near the poles the rays are slanted, so the same heat is spread over a larger area and passes through more atmosphere ✓. (3)

2.5 Any TWO ✓✓: crops fail; animals die or must be sold; farmers lose income and fall into debt; farm workers lose their jobs; water must be bought or carted in (2)

[17]

QUESTION 3

3.1 The growth of towns and cities ✓ as more and more people move from rural areas to urban areas ✓ (2)

3.2 Any TWO push factors ✓✓: unemployment; poverty; drought; few services (schools, clinics); lack of electricity and water. Any TWO pull factors ✓✓: jobs; better schools and hospitals; better services; entertainment; better income. (4)

3.3 The site is the actual land on which the settlement is built (e.g. near water, on flat land) ✓; the situation is the position of the settlement in relation to its surroundings (e.g. other towns, roads, rivers) ✓. (2)

3.4 Any TWO ✓✓: water for drinking, cooking and washing; water for crops and animals; fertile soil near the river; transport; fish for food (2)

3.5 (a) Imports are goods and services bought from other countries ✓; exports are goods and services sold to other countries ✓. (4)
(b) When the value of exports is more than the value of imports ✓✓

3.6 Any TWO ✓✓: gold; platinum; coal; iron ore; diamonds; cars; fruit (citrus, grapes); wine (2)

3.7 Any TWO ✓✓: trucks can deliver from door to door; the railway network is old or poorly maintained; road transport is faster and more flexible; theft of railway cables and equipment causes delays (2)

[18]

TOTAL SECTION A: [50]

SECTION B: HISTORY

QUESTION 4

4.1 Seven or eight ✓ (1)

4.2 Twelve hours or more ✓ (1)

4.3 They were small enough to crawl under the moving machines ✓, and the machines did not have to be stopped ✓. (2)

4.4 Any TWO ✓✓: being caught in the moving machines (injuries); being beaten by overseers; long hours causing tiredness; no schooling (2)

4.5 Children could be paid much lower wages than adults ✓ and were easier to control ✓. (2)

4.6 It was a reliable and efficient source of power ✓ that could drive machines in factories anywhere, not only next to rivers ✓; it was also used in railway locomotives and steamships, which made transport much faster ✓. (3)

4.7 Any TWO ✓✓: towns grew very fast; overcrowded and dirty housing (slums); diseases such as cholera spread; pollution from factory smoke; new jobs in factories (2)

4.8 No ✓ – any sensible explanation, e.g. workers, including children, worked long hours for low wages in dangerous conditions and lived in slums, although there were more goods and jobs ✓ (accept a balanced answer) (2)

[15]

QUESTION 5

5.1 1871 ✓ (1)

5.2 Picks and shovels ✓ (1)

5.3 The sides of the pit collapsed ✓ and water flooded in ✓ (2)

5.4 They needed expensive steam pumps and machines to remove the water and dig deeper ✓, which individual diggers could not afford ✓. (2)

5.5 A monopoly is when one company controls all (or almost all) of the supply of a product ✓. Rhodes bought out the small claims and his rivals ✓ and combined them into one company, De Beers, which then controlled the diamond production and prices ✓. (3)

5.6 To control the movement of black workers ✓, to stop them leaving their jobs and to stop the theft of diamonds ✓. (2)

5.7 Any TWO ✓✓: Kimberley grew into a large town; railways were built; the migrant labour system began; South Africa's economy changed from farming to mining; Britain became more interested in controlling the region (2)

5.8 The mine owners from Kimberley (e.g. Rhodes) had the money (capital), machines and experience ✓ to start deep-level gold mining, and the same systems of migrant labour and compounds were used ✓. (2)

[15]

QUESTION 6

6.1 King Leopold II of Belgium ✓ (1)

6.2 Wild rubber ✓ (1)

6.3 Any TWO ✓✓: homes were burnt; women were taken hostage; people's hands were cut off (2)

6.4 Missionaries and journalists ✓ sent photographs (and reports) to Europe ✓. (2)

6.5 Any FOUR ✓✓✓✓: raw materials for their factories; new markets to sell goods; power and prestige; places for settlers; to spread Christianity (4)

6.6 Any THREE ✓✓✓: mud and water in the trenches; rats and lice; diseases such as trench foot; constant shelling and gunfire; little sleep; cold; the smell of dead bodies; poison gas attacks (3)

6.7.1 21 February 1917 ✓ (1)

6.7.2 Building roads ✓ and loading ships ✓ (2)

6.7.3 They were black South Africans, and the government at the time did not treat black people as equal citizens ✓, so their sacrifice was ignored ✓. (2)

6.7.4 Any sensible way ✓✓, e.g. memorials and monuments; a public holiday or commemoration day; naming ships, schools or streets after the Mendi; teaching the story in schools (South Africa's Order of Mendi for Bravery is one example) (2)

[20]
