QUESTION 1

1.1 1.1.1 B
1.1.2 C
1.1.3 A
1.1.4 C
1.1.5 A

(5 × 1) (5)

1.2
- Working in an elevated position such as on a roof.
- Distance between the site and management team.
- Workers wearing ear protectors.
- Workers using noisy equipment. (Any 3 × 1) (3)

1.3 1.3.1
- Easy to understand and repeat what was seen.
- Provides an opportunity to practise skills. (Any 1 × 1) (1)

1.3.2 Information is conveyed and received in an instant. (1)
[10]

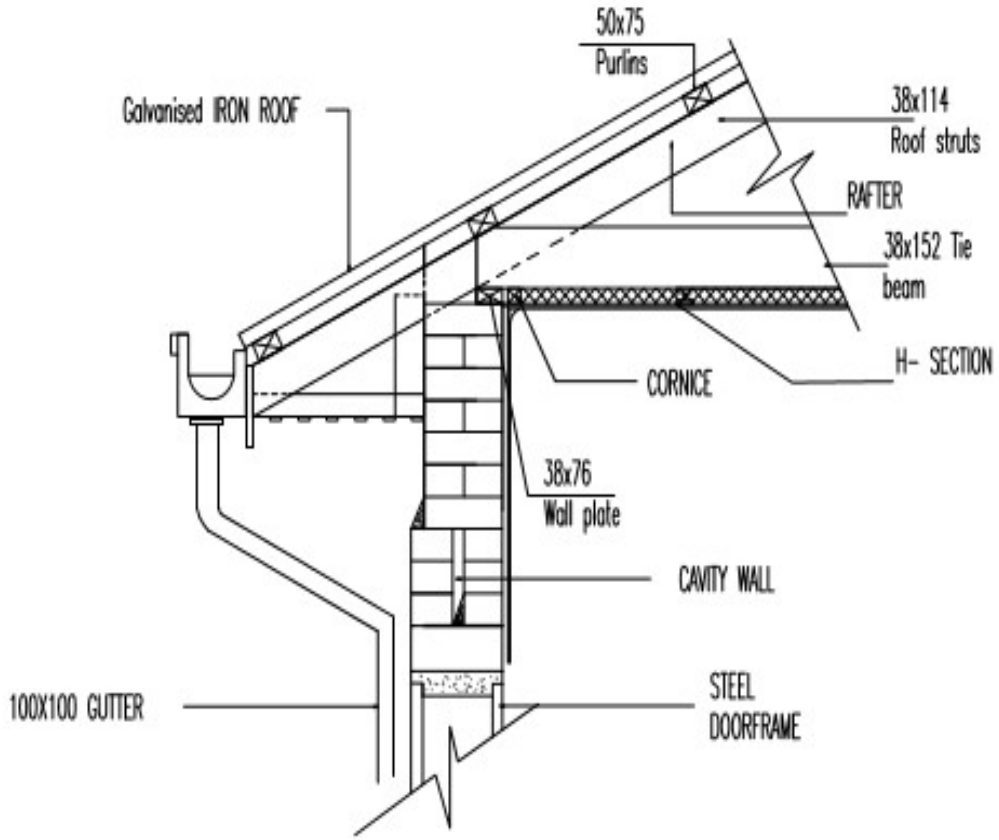

QUESTION 2

2.1
- Shows information about what has it to be built.
- Legal documents.
- Local authority approval. (3)

2.2

MARKING CRITERIA	MARK ALLOCATION				TOTAL ACHIEVED
Approximate scale	=	2	1	0	2
Rafters @ 30^0	=	2	1	0	2
220 mm cavity wall	=	2	1	0	2
Steel door frame	=	2	1	0	2
Eaves	=	2	1	0	2
Line work and neatness	=	1	0	0	1
Labels and title	=	1	0	0	1
Structure correct	=	3	2	1	3
TOTAL					**15**

(15)

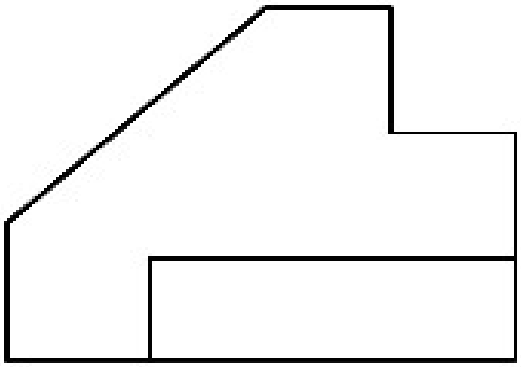

VERTICAL SECTION THROUGH EAVES AND CAVITY WALL SHOWING THE TOP OF A DOUBLE REBATED STEEL DOORFRAME

- Provides a place where clients can find people who sell clay bricks and burnt masonry.
- Makes people aware of the clay brick and burnt masonry industries.
- Supports people who make and sell clay bricks and burnt masonry.
- Makes sure that clay bricks and burnt masonry meet the same standards all over South Africa.

(Any 3 × 1)
(3 × 3) (9)

3.4 A trade organisation helps different areas of the building industry to do more business. (2)
[30]

QUESTION 4

4.1
- They regulate the liveability✓ and sustainability of our built environment.✓
- Without regulations and legislation, contractors would follow their own minds✓ and the standards of construction would drop.✓
- Regulations and legislation ensure that buildings are erected with the correct materials✓ and are of acceptable quality.✓
- They restrict certain types of buildings✓ from being built in a specific area.✓
- They ensure that buildings remain functional throughout their lifespan✓ and do not deteriorate before the end of their lifespan.✓ (5 × 2) (10)

4.2
- 229✓ – If a builder builds a house for a man and if, because his work is not sound, the house collapses and causes the death of its owner, the builder shall be put to death.✓
- 230✓ – If the owner's son is killed, the builder's son shall be put to death.✓
- 231✓ – If the owner's slave is killed, the builder shall give his slave to the owner of the house.✓
- 232✓ – If a builder causes the loss of goods, he shall compensate the owner for whatever has been lost.✓
- 233✓ – If a builder builds a house for a man and, because he has not keyed his work, a wall collapses, the builder shall make that wall firm at his own expense.✓ (5 × 2) (10)

4.3
- Accuracy in building.
- Acoustic performance.
- Behaviour during a fire.
- Condensation.
- Durability.
- Rain penetration and damp proofing.
- Structural strength and stability.
- Thermal performance. (8)

4.4
- Protects housing consumers by means of a warranty against any defects.
- Protects homeowners against builders who fail to meet their obligations in terms of the Housing Consumer Protection Measures Act. (2)
