1.1.2 True
1.1.3 False
1.1.4 True
1.1.5 True
1.1.6 False
1.1.7 False
1.1.8 True
1.1.9 True
1.1.10 True

(10 × 1) (10)

1.2
1.2.1 Linear scale
1.2.2 Word scale
1.2.3 Representative fraction scale
1.2.4 Cartographer
1.2.5 Large scale map

(5 × 1) (5)

1.3 1.3.1 Technological environment – refers to all the non-human equipment that we use to make our lives easier.✓ Technology enables tourism businesses to do their business faster, easier and internationally.✓ It also makes it possible to get immediate responses such as doing online bookings or reservations.✓ Examples of technology used in the tourism businesses include emails and websites.✓ A tourism business uses technology in many ways as bookings are done electronically and proof can be emailed to the customer.✓ The customer doesn't need paper ticket when making flight reservations. You check in using reference number instead of paper ticket.✓ (Any 5 × 1)

1.3.2 Social environment – it refers to the people who live in a society and more specifically how they live.✓ The way people interact with each other determines how they will behave in the business world.✓ There are also many cultural and religious groups in our families which determine what food we eat, what clothes we wear and how we spend our holiday.✓ For example, when it is a religious festival for Muslims a lot of people belonging to that religion make reservations to travel to Mecca.✓ There are also cultural festivals which we see people travelling to their places of birth such as the reed dance.✓ (Any 5 × 1)

1.3.3 Political environment – it refers to legislation and regulations that prescribe how a business should operate.✓ It also affects the general conditions of peace✓ and safety in a country.✓ Things such as political unrest, demonstrations, wars and crime all affect businesses.✓ Foreign visitors are scared to visit countries that are seen as politically unstable.✓ (Any 5 × 1)

Copyright reserved

1.3.4 Economic environment – it refers to the world of money and financial matters.✓ It also refers to the general economic state of a country.✓ It deals with matters such as inflation, currency value and exchange rates.✓ For example, when the currency of a country is downgraded or the rand is performing poorly against international currencies,✓ the prices of goods and services go up and more people cannot afford to travel.✓ (Any 5 × 1)
(4 × 5) (20)

1.4 1.4.1 D
1.4.2 E
1.4.3 B
1.4.4 A
1.4.5 C
(5 × 1) (5)

[40]

QUESTION 3

3.1 President Cyril Ramaphosa is popular with the local and international community for his credibility.✓ Because of this international travelers will feel safe and secure to visit and spend money in our country.✓ When the country is politically stable, tourism starts to boom and many new business opportunities become available.✓ This will create job opportunities✓ for locals and attract foreign investors, which will result in new business developments.✓ For example, international hotel groups might open in South Africa and more international airlines might start opening routes to South Africa.✓ (Any 5 × 1) (5)

3.2 Tourists are scared to visit a country where their safety is not guaranteed✓ because of possible war threats.✓ On-going political instability impacts negatively✓ on the currency value✓ and products and services become more expensive.✓ Any 5 × 1) (5)

3.3
- Employment Equity Act
- Labour Relations Act
- Basic Conditions of Employment Act
- Skills Development Act
- Occupational Health and Safety Act (5)

3.4 Tourists contribute to the economy of the country through money spent✓ or they can even open businesses which ultimately create job opportunities for locals.✓ When the country receives more tourists,✓ currency value strengthens✓ and goods and services become affordable.✓
(Any relevant 5 × 1) (5)

3.5
- People become richer/have money to spend.
- New businesses open up.
- Infrastructure is upgraded.
- Foreign investors bring their money to the country.
- The currency becomes stronger. (5)

3.6
3.6.1 Currency
3.6.2 Inflation
3.6.3 Exchange rate
3.6.4 Population
3.6.5 Consumer
(5 × 1) (5)

3.7 Yes.✓ When there is a high demand for goods and the supply is low,✓ prices are inflated because consumers don't have much choice.✓ The need for goods and services becomes so high that consumers are willing to pay higher prices because of the shortage of supply.✓ For example, a traveler who is visiting some place due to urgent medical reasons will be willing to purchase airline tickets even if it is peak season and some prices are high.✓ (5)
